Representative Mike Pompeo
United States House of Representatives
Cannon House Office Building Room 107
Washington, D.C. 20515

Dear Congressman Pompeo:

On behalf of more than seven million senior citizen activists, the 60 Plus Association thanks you for sponsoring H.R. 1900, the 'Natural Gas Pipeline Permitting Reform Act', to help ensure Americans, many of whom are struggling with reduced incomes and the burden of high energy costs, will have access to affordable and reliable energy.

Thanks to your outstanding leadership, this effort to modernize the development of the nation's abundant natural gas supply production, if successful, will help meet the demand for infrastructure development of interstate pipelines to increase our nation's access to diverse sources of low-cost energy.

We applaud your efforts to respond to the overwhelming concern Americans have to the spiraling cost to heat and power our homes. I cannot stress strongly enough that senior citizens and soon-to-be-seniors believe that the current permitting policy threatens our nation's security, costs us jobs, and cripples our economic stability.

Sincerely,

James L. Martin
Chairman
